properties, while the latter, after several spot inspections & some hesitation have recommended the acquisition sometimes now implied to this proposal

13) Action has been no doubt stopped at the instance of one Syed Abdul Gaffoor in this case. It will be seen from the sketch flagged M that the road to the road at the place marked X is 32 feet while that at Y & B, it is only 20 feet. The proposal is to acquire portion of properties marked P Q R S and T U V W belonging to one Mr Rangappa and make the centre width of road equal to 32 feet one of the points against the acquisition is that the road X Y B ends at the blind end at Z and does not continue beyond it, while there is no inconvenience at all to the public as there are two other roads running parallel to X Y B Z at E & F respectively

The petitioner contends that the acquisition is contrary to Law and there is no public purpose lending to improvement in this case & that it is done to oblige one Abdul Gaffoor who has caused inconvenience to him

Even though this petition was sent for a detailed report to the Chairman, Trust Board on 29/7/57, no report has been furnished on the point referred to therein & it has been simply returned

Sir,

I am the owner of property bearing Site No.1881/4 Block No.10, in Mandy Moholla, Mysore The Chairman of the City Improvement Trust Board has issued Notice No.263/41-42 Dated 26th December 1941 for stating my objections for the acquisition of my above property This issue of the notice and the subsequent publication in the Mysore Gazette has caused me much trouble and inconvenience I am constrained to bring to your kind notice the injustice caused to me, by the means adopted by the Chairman to oblige my neighbour, circumventing hard facts and circumstances and giving colour of " for improvement purposes".

License for constructing a building with a compound was granted to me after considering all aspects as per rules as early as 31-1-1941 The same was renewed on 13-8-1941 When the work was undertaken, the neighbour of mine Mr.Syed Gaffor presented a complaint to the Municipal President on untenable and flimsy grounds that if my building were to be constructed as per approved and sanctioned Plan, that his rear side building marked "F" would be covered from site from the main road marked "C".

NO R 7765 Dy 6-2-43
Re: Mr Copies re acquisition

WD 0972—GPB—10 000—21-10-42

His complaint, after inspection of the spot by both the President and the then Engineer of the City Municipality and after due consideration was rejected as untenable, and furtherence of the construction of my house as per Plan was permitted The party having failed in his attempts in the Municipality has now approached the Trust Board Chairman to achieve his ends.

On the application of my neighbour, the Chairman of the City Improvemant Board just to oblige him, has issued the notice for acquisition of a portion of my site marked 'S' "for improvement purposes" by circumventing facts This fact is borne out by the perusal of the proceedings of the Trust Board Meeting Dated 29th October 1941, subject No 30

> 30 " Letter from Mr.Syed Gaffor Cloth Merchant, 1891, Mandy Moholla, praying that Mr.C Manjappa may not be permitted to project the compound wall beyond the adjacent line of buildings".

The Board in its subsequent Meeting on 26-11-1941, resolved the acquisition of a portion of my land This resolution was sent to the Municipal Council for their opinion on this subject Considering every aspect of this case, the Municipal Council in its Meeting held on 31-1-1942 resolved as follows -

> 503 " Letter No 2389 Dated 5-1-1942 received from the Chairman, City Improvement Trust Board, Mysore, forwarding copy of Notification No VI of 41-42 Dated 7-12-1941 Re the acquisition of portions of properties Nos 1881/4, 1881/3 & 1881/3A in Block No 10, Mandy Moholla, Mysore, for improvement purposes, with a request to

with a request to intimate the resolution of the Municipal Council in the matter"

" The Municipal Council is not in favour of the acquisition. They feel that it is not necessary to widen this road as it does not join any main road at the other end(Mr Nanjappa, Municipal Councillor did not participate in the discussion).

Resolution No.292 of Trust Board on 29th April 1942 -

" Nos 1881/4, 1881/3 & 1881/3A belonging to Messrs M S Nanjappa and Gurkar Byranna respectively for improvement purposes(deferred subject No 240 (1) & 264 "
" This matter was considered very carefully by the Trust Board in the light of the resolution passed by the Municipal Council and the Trustees felt that taking all the circumstances of this case, it was best that this bit was acquired and the road kept to its present width They also felt that if necessary Mr Nanjappa may be compensated by giving a site at an upset price in one of the Extensions"

Messrs T Mariyappa, P Seetharamiah and S Linganna said that they would stick to the resolution passed by the Municipal Council

I may bring to your kind notice here that it is the Municipal Authorities that deal with the construction of the buildings and Trust Board has no locus standi to encroach on the duties of the Municipality. While the complaint is one, the resolution of the Trust Board is different.

Besides, the Improvement sought to be affec is to ~~the~~ widen the existing lane, a blind-lane of 24 feet 2 feet marked 'B'. The formation of a lane would be not only expensive but would be superfluous as can be seen from the Plan enclosed herewith which clearly indicates through lane of 20 Feet wide running in Northern side of my Site joining the Wesly Road and Annegondi Main Road, i e ,'C' & 'A' which is

which is only 60 Feet to the North of the proposed road, and another big Road at a distance of about 60 Yards joining the new Satyaji Rao Road and Annegondi Main Road marked 'G' There is another road running in the middle marked 'E' which is only 25 Feet to the South of the proposed Road Hence, widening or continueing of this Road which will be in between these two roads would not effect any improvement There is neither necessity nor good purpose served by widening it. The maintainance of a Big Land would be not only costly but would allow accumulation of dust and growth of thorn causing nuisance and troubles to the owners

If a portion of the Site marked 'S' were to be acquired, the building to be constructed will be deprived of thelittle open space infront of the building jeoparadising the natural facilities of Air & Light The Property will lose its value corside ably also

Now that the construction of the building has progressed considerably, the acquisition would cause much loss and inconvenience to me

I may also bring to your kind notice that previously when my neighbour Mr.Syed Gaffor had given an application to the unicipal Authorities and when they inspected, a suggetion was made by both the President and the Engineer, that instead of preventing me from proceeding with construction, the existing lane may be allowed to remain undisturbed without widening it

WD 0972—GPB—10 000—21-10-42

without widening it and Mr.Syed Gafoor might be given the space marked 'D' by the sideof his house An offer was also made to him to this effect and this has been refused by him just to harass and put me to inconvenience Despite the above facts, and rejecting reasonable objections (Copy enclosed) the Trust Board in their resolution 292 supra have resolved to acquire the property.

I ~~xx~~ may also assure that I would have been the first to support any work of improvement But, in this case as the acquisition proceedings are contrary to Law, and as there is no public purpose(opposed to hard facts) causing great inconvenience to me, I pray my grievences may be favourably considered and the resolution of the Municipal Council be given effect to instead of the Trust Board

Thanking you Sir,

Yours faithfully,

Ranjappa

GOVT OF MYSORE

Sir, I have the honour to forward herewith a scheme for acquiring portions of Property Nos 1881/4, 1881/3 and 1881/3-A in Block No 10 of Mandy Mohalla, Mysore, belonging to Messrs M S Nanjappa and Gurukar -- Byranna, for widening the road, and to state as follows -

2 On receipt of a petition dated the 30th August 1941 from one Syed Abdul Gaffoor stating that Mr M S Nanjappa has been granted a license for constructing a house in his site in Mandy Mohalla adjoining the petitioner's house and that the line of the compound wall is not in a line - with the adjoining buildings and projected beyond the line etc, the spot was inspected by me as President of the City Municipality along with the Municipal Engineer and it was found that Mr Nanjappa had put in a compound wall on a site that was his and that it was true that the compound wall - projected as compared with the petitioner's house as also of another house The only way to prevent this was to acquire this bit of land and the -- matter was therefore brought for consideration by the City Improvement -- Trust Board at its Meeting held on the 29th October 1941 The consideration of the subject was however deferred by the Board for inspection of the spot by the Trustees The spot was later inspected by the Trustees and at its Meeting held on the 26th November 1941, the Board resolved to -- acquire the projecting portion so that the road may be of uniform width throughout Preliminary Notification was accordingly made of this proposed acquisition calling for objections, if any A copy of the Notification was also sent to the President, City Municipal Council, Mysore, fq being placed before the Council

3 The City Municipal Council, however, resolved at its M[redacted]

Meeting held on the 31st January 1942 that the Council is not in favour of the acquisition as it feels that it is not necessary to widen the road as it does not join any main road at the other end In order to consider the replies received in response to the notices issued under Section 16 (2) of the Mysore City Improvement Act, the matter was once again brought before the Board of Trustees but the consideration of this subject was deferred twice as the Trustees felt that the spot may once again be inspected by them in the light of the resolution passed by the Municipal Council The spot was accordingly inspected by the Trustees on 29th April 1942 and at the Meeting held on the same afternoon the Board resolved that after careful consideration of the circumstances of the case and the resolution of the Municipal Council, it was best that this bit was acquired and the road kept to its present width throughout, although the representatives of the Municipal Council on the Board said they would stand by the resolution of the Municipal Council In this connection I may also bring to the kind notice of Government the correspondence on the subject ending with letter No L 4887 dated the 10th December 1941 of the Secretary to Government, Law Department, stating that action may be taken to acquire the projecting portion as resolved by the Board on the 26th November 1941

4 In these circumstances, I request that sanction of Government may kindly be obtained for the acquisition of the properties in question The total cost of the acquisition is estimated at Rs 92/- and this will be met out of the provision made under "Acquisitions" in the current year's Budget of the Board

5 All the formalities necessary under Section 16 of the Mysore City Improvement Trust Act have been observed in respect of the scheme and the following connected papers are

292 Consideration of replies received in response to the Notices issued under Section 16 (2) of the Mysore City Improvement Act in respect of the acquisition of portions of properties Nos.1881/4 and 1881/3 & 1881/3-A belonging to Messrs M S Nanjappa and Gurukar Byranna respectively for improvement purposes (Deferred Subject No.240 (1) & 264)

This matter was considered very carefully by the Trust Board in the light of the resolution passed by the Municipal Council and the Trustees felt that taking all the circumstances of the case, it was best that this bit was acquired and the road kept to its present width They also felt that if necessary Mr Nanjappa may be compensated by giving a site at an upset price in one of the extensions

(Messrs.T.Mariyappa, P Sitaramiah and S Linganna said that they would stick to the resolution passed by the Municipal Council.)

Sir,

With reference to your letter No I 6188 dated 17th December 1942 forwarding the petition of Mr. C M Nanjappa and calling for a detailed report, I have the honour to state as follows:-

1) The points raised by Mr Nanjappa in his petition under reference are two viz, (1) that the acquisition of a portion of his property No 1881/4 in Block 10, Mandy Mohalla is to oblige his neighbour and (2) that the acquisition is not necessary

2) The acquisition now proposed is only to keep the road by the side of his house, of a uniform width throughout removing the projecting portion and not with the intention of favouring his neighbour as stated by Mr Nanjappa

3) It is true that a license had been issued by mistake to Mr Nanjappa by the Municipal Engineer, Mr B Krishna Iyengar who did not obtain orders of the President while issuing the license which restricted the width of the road When the matter was brought to my notice by the complaint petition of Mr Syed Abdul Gaffar, I personally inspected the spot along with the Engineer and found that Mr Nanjappa was putting up a compound wall on his site which projected beyond the road as compared to Mr S A Gaffar's house and also the compound wall of late Musheer-ul-mulk Hamza Hussain's house The only way to prevent this was to acquire the projecting portion and to keep it in a line with adjacent buildings The matter was therefore brought before the Board on 29th October 1941 but it was deferred The spot was inspected by the Trustees on 26th November 1941 and they resolved that the projecting portion may be acquired so that the road may be of uniform width throughout

4) In the meanwhile on 4th October 1941 a report had been called

P T O

called for by the Government also on the representation of Mr. S.A. Gaffar in the matter, and the report was submitted in this office - letter No 2033 dated 12-11-1941 Thereupon Government in their "P" letter No L 4887 dated the 10th December 1941 directed the acquisi- "W" tion of the projecting portion as resolved by the Board in their resolution No 48 dated 26-11-1941 Accordingly the preliminary Notification was got published in the Mysore Gazette and a copy of it was sent to the Municipal Council for its opinion

5 When this went to the Municipal Council, the council of which Mr Nanjappa is a Member of the majority party resolved at - its Meeting held on 31st January 1942 that they are not in favour of the acquisition as it felt that it was not necessary to widen the road as it does not join any main road at the other end When the subject was again brought before the Board for the consideration - of objections it was deferred thrice as the Trustees in view of - the difference of opinion with the Municipal Council wanted once again to inspect the place

6 The spot was accordingly inspected by the Director of - Health, Siddiq-ul-mulk, Sadeg Z Shah, myself and other Trustees including Mr P Sitaramaiah (Trustee elected by Municipal Council) on 29th April 1942 At the time of inspection of the spot in - the morning, it was unanimously agreed to acquire the area But at the Meeting of the Board when the question came for discussion the Members elected by the Municipality did not want on principle to vote against the Resolution passed by the Municipal Council and so Messrs P Sitharamiah, T Mariappa and S Linganna voted against This was also specifically noted in the Trust Board Resolution No 292 dated 29th February 1942

7 The Board has after careful consideration came to the conclusion, the acquisition is necessary and full details of the case "Q" have also been noted in my letter No B2 C 243/42-43 dated 29th July 1942

Early orders are solicited

The petition of Mr M C Nanjappa together with its enclosure (sketch) is herewith returned

I have the honour to be,
Sir,
Your most obedient servant,
